Report to Executive Committee

Report Number: PLN 27-22

Date: June 6, 2022

From: Kyle Bentley
Director of City Development & CBO

Subject: Proposed Amendment to the City's Street Naming Policy
- File: D-9610

Recommendation:

1. That the draft Street Naming Policy ADM 220, as amended in relation to War Veterans and the War Dead, contained in Appendix I to Report PLN 27-22, be approved; and
2. That a copy of Council's resolution and the revised Street Naming Policy ADM 220 be forwarded to the Royal Canadian Legion, Branches 606 and 483, the Regional Municipality of Durham, and the Durham Regional Police Services.

Executive Summary: This reports seeks approval of proposed amendments to the City's Street Naming Policy ADM 220. Among other minor matters, the amendments establish requirements to select street names in relation to War Veterans and the War Dead; identify additional information needed to support the name of a War Dead or War Veteran to be added to the City of Pickering's Street Name Reserve List; and, waive the fees for requests received from the Royal Canadian Legion to add names to the City's Reserve List.

The draft Street Naming Policy is attached as Appendix I to Report 27-22. It is recommended that Council approve the Policy.

Financial Implications: Under the City's current Schedule of Fees and Charges, there is a \$1,020.00 fee to request a name be considered for inclusion on the City's Street Name Reserve List. The fee covers the work required by staff to evaluate the submitted name against the requirements of the City and the Region. There would be a proportionate loss of revenue to the City with the implementation of the amendments to Policy ADM 220 that waive the fees for the names submitted on a list submitted by the Royal Canadian Legion to add names to the City of Pickering's Reserve List of Street Names.

1. Background

On November 23, 2020, Street Naming Policy ADM 220 was approved by Council (Resolution #466/20). The Policy: consolidated previous Council Resolutions on the use of personal names; implemented criteria for selecting names; established a process and cost recovery mechanism for adding street names to the reserve list; and clarified the process for assigning a street name.

On March 28, 2022, Council passed Resolution #856/22, giving direction to staff to initiate amendments to the Street Naming Policy, to give veterans' names first priority in the selection or assignment of names to the streets; to waive the application fees when names are submitted by the Royal Canadian Legion once per year; to include a reference to Engineering Services Department Standards P-809, regarding the use of the poppy symbol and the Fire Services symbol; and, to report back to Council before the Summer 2022 recess. This Report responds to Council's direction.

2. Discussion:

The City of Pickering currently has no streets named after War Veterans or the War Dead. The Street Naming Policy ADM 220, approved November 23, 2020, changed the criteria for these names. However, a priority on the use of names of Veterans or War Dead was not included in the policy.

The Royal Canadian Legion, Branches 483 and 606, have submitted a list of 45 names. However, the back-up information on each individual has not yet been submitted. Once the back-up material is submitted, each name will be evaluated by the City, and approvals will be sought from the Region of Durham and the Durham Regional Police Services. It is anticipated that these names can be approved for use by the end of 2022.

It was determined that recognition of Veterans and the War Dead is better served by using their names on streets with more prominence. As such, it is recommended that the name of a War Dead or the name of a Veteran be selected for Type C Arterial or Collector Roads in all developments within Pickering, provided there is one available on the City's approved reserve list.

Considering roads designated as a Type C Arterial or a Collector, staff have identified that most roads in these categories are already named. However, there may be a few opportunities in northern parts of Seaton. Therefore, staff are also recommending that, for developments that do not have a Type C Arterial or a Collector Road, that at least one street in each phase of development (whether for wayfinding in a private development with condominium roads or a public street), have a name selected from the Veterans and War Dead section of the Reserve Street List.

The proposed amendments to the Street Naming Policy are highlighted in yellow in the draft policy contained in Appendix I to this Report. They can be summarized as follows:

- **Section 1:** Definitions, was updated to include a new definition for the Legion and re-alphabetized.
- **Section 2:** Street Naming, Clauses i) & ii) of Subsection 02.01 g) were updated to include the submission requirements for the names of the War Dead and War Veterans.
- **Subsection 02.02 a):** was updated to include new Subsection 02.02 b) providing the Legion the opportunity to submit a list of names once per year; and waiving the application fees associated with the submission of street names by the Legion and re-alphabetized.

- **Subsection 02.02 c):** the word “vet” was replaced with the word “evaluate”.
- **Subsection 02.02 d):** the word “vetted” was replaced with the word “evaluated”.
- **Section 3:** Street Name Signs, was updated by adding Subsection 03.04 and 03.05 on the use of the Pickering Fire Services crest or the poppy icon on street signs.
- **Section 6:** Priority Use of the names of War Dead or War Veterans, was added to require Street Names for Type C Arterial or Collector Roads in new subdivisions in Pickering to be selected from the War Dead or War Veterans section of the City’s Reserve List; and to require for each development, or phase of development, that does not have a Type C Arterial or Collector Road, have at least one main street, whether public or used for wayfinding in private roads, to be selected from the War Dead or War Veterans section of the City’s Reserve List; and, should a development use a particular theme for the street names, then the Director of City Development has the ability to waive the requirements for the names of the War Dead or War Veterans, if unsuitable.

3. Conclusion and Recommendation

Staff consulted with internal departments including City Development (Planning & Design Division and Engineering Services) during the formulation of the amendments to the policy. Street Naming Policy ADM 220, as amended, has been reviewed by the City’s Policy Committee. It is recommended that the amended Street Naming Policy ADM 220, contained in Appendix I to Report 27-22, be approved by Council.

Resolution No. 2022-256 ^{COV}

Moved By:

Seconded By:

Whereas the Ontario Amber Alert is a warning system that quickly alerts the public of a suspected abduction of children who are in imminent danger;

And Whereas the goal is to broadcast as much information about the child, the abductor and suspect vehicles as quickly as possible so that the public can respond with any relevant information that might lead to the child's safe return;

And Whereas people are encouraged to share the Amber Alert with as many people as possible. If a child or vulnerable person is abducted, spreading the information quickly is critical to their safe return;

And Whereas an Amber Alert makes the Public aware to keep an eye out for the child, vulnerable person, suspect and the vehicle described, in the alert. If they spot them, try to gather as many details as they can, including the specific location where they saw them, the time, the direction they were travelling in and any other identifying details that will help to locate them;

And Whereas an Amber Alert gives citizens instructions to call 9-1-1 or the phone number included in the alert immediately if they have a trip or a sighting related to an Amber Alert;

An Amber Alert will only be activated if:

- The police have confirmed that an abduction has taken place; and
- There is reason to believe the victim is in danger of serious physical injury, and there is information available that, if broadcast to the public, could assist in the safe recovery of the victim.

And Whereas it is essential to remember that an Amber Alert is not always appropriate in every circumstance and that their continued effectiveness depends on ensuring that they are only used in cases that meet the above criteria;

And Whereas the recent tragic death of 11 year old Draven Graham showed that the Amber Alert system is flawed when it comes to vulnerable children who can go missing but are not abducted;

And Whereas at the time this motion was written, there have been almost 75,000 citizens who had signed a petition on Change.Org requesting that a Draven Alert be created;

And Whereas it is clear that there needs to be an addition to the alert system to allow for law enforcement to send out an alert for vulnerable children who go missing under circumstances that do not involve an abduction but are at serious risk of injury or death;

Therefore be it resolved that the Municipality of Brighton and its Council endorse the following:

1. That the Minister of the Solicitor General and the Commissioner of the Ontario Provincial Police, as well as the Premier's Office, be requested to make the necessary changes to the Amber Alert system and create a new alert called the Draven Alert, which will protect vulnerable children who have not been abducted but are at high risk of danger, injury or death and alert the public that they are missing.
2. That this motion be sent to all municipalities across Ontario and the Association of the Municipalities of Ontario (AMO) for endorsement.
