1. ADOPTION OF MINUTES

MOVED by Regional Chair Anderson,

(145) "THAT the minutes of the following meetings be adopted:

- Regular Planning Committee meeting held on Tuesday, June 5, 2007; and

- Tri-Committee meeting of the Planning, Finance & Administration and Works Committees held on Tuesday, June 12, 2007."

CARRIED

2. DECLARATIONS OF INTEREST

Councillor Novak made a declaration of interest under the *Municipal Conflict of Interest Act* with regard to Land Division File Number LD 145/2007 contained in Report #2007-P-60 of the Commissioner of Planning. She indicated that this is a family matter. Councillor Novak did not take part in any discussion or vote on this matter.

3. PRESENTATIONS

- a) MS. KIM GAVINE, EXECUTIVE DIRECTOR, OAK RIDGES MORAINÉ FOUNDATION
RE: A FOUNDATION FOR SUCCESS ON THE OAK RIDGES MORAINÉ

Ms. Kim Gavine, Executive Director, Oak Ridges Moraine Foundation, provided a PowerPoint presentation containing a brief summary of who the Oak Ridges Moraine Foundation is; a report on the Foundation's progress to date; and the road ahead.

K. Gavine advised the Oak Ridges Moraine Foundation is a registered, not-for-profit corporation, which began operations in February 2003. The Foundation's purpose is to help protect the Oak Ridges Moraine by providing funding support to help preserve, protect and restore the ecological integrity of the moraine. She also advised an initial investment of \$15 million was received from the Province of Ontario. K. Gavine further advised the Foundation is governed by a multi-stakeholder board. She outlined the composition of the Board and noted that the current Association of Municipalities of Ontario Board Member is Mayor Marilyn Pearce, Township of Scugog.

K. Gavine informed the Committee that to date the Foundation has provided \$9.7 million in grants to 110 projects. She also informed the Committee that \$22.1 million has been leveraged from the private sector, public sector and through in-kind contributions; and a total of \$31.8 million in new conservation projects have been funded on the moraine. K. Gavine outlined the proudest achievements of the Foundation and displayed a chart featuring the grants approved by program area. She also advised that 21 projects have been funded in Durham Region which include land acquisition, natural heritage inventories, landowner contact and stewardship projects, for a total of \$2.7 million of Foundation funding.

K. Gavine outlined the road ahead for the Foundation which included increasing cover on the moraine to 8,000 hectares; securing the Oak Ridges

Moraine trail; raising the awareness of the importance of the Oak Ridges Moraine to the general public; and to sustain the relationships that have been built with private landowners and Oak Ridges Moraine stakeholders.

K. Gavine concluded by advising how municipalities can help and provided contact information for the Foundation. A copy of her presentation was provided to the Committee Secretary.

K. Gavine responded to questions of the Committee with respect to the Foundation's relationship with the Oak Ridges Moraine Land Trust; whether continuous funding is being provided by the Province; and the approaches to raising public awareness of the Oak Ridges Moraine.

5. COMMISSIONER'S REPORTS

REGIONAL OFFICIAL PLAN AMENDMENT – PUBLIC MEETING

The Chair advised that this portion of the Planning Committee meeting constitutes the Statutory Public Information meeting under the amended *Planning Act* for proposed amendments to the Durham Regional Official Plan. He noted that the purpose of the meeting is to provide the public with information about the application and to hear any submissions. He added that a decision to approve or deny the application noted in Report #2007-P-57 is not being made at this time.

The Chair further advised that a notice of the public meeting for the application was published in the appropriate newspaper. A public meeting report has been prepared by the Regional Planning Department containing background information and will be received for information today by the Planning Committee.

The Chair advised the public that it is important to make a verbal submission or a written submission as soon as possible after the meeting and prior to Regional Council making a decision. He explained that if a person who submits an appeal is not on record as having made a verbal or written submission, the appeal may not be considered valid by the Ontario Municipal Board.

The Chair also advised that the Commissioner of Planning would at a later date prepare a recommendation report on the amendment application. If adopted, Regional Council will give notice of adoption and Council's decision will be subject to a 20-day appeal period. If no appeals are received, Council's decision will be final.

5. COMMISSIONER'S REPORTS

a) REGIONAL OFFICIAL PLAN AMENDMENT – COMMUNITY IMPROVEMENT PLANS, FILE: OPA 2007-003 (2007-P-57)

The Chair called upon Lori Riviere, Project Planner, to give a presentation.

6. STAFF PRESENTATIONS

- a) Lori Riviere, Project Planner, provided a PowerPoint presentation outlining the details of Report #2007-P-57 of the Commissioner of Planning. She advised the *Planning Act* now permits upper-tier municipalities to participate in locally-initiated Community Improvement Plans (CIPs), and for the Region to exercise this authority, the *Planning Act* requires policies relating to community improvement to be included in the Regional Official Plan. She outlined how the proposed amendment would enable the Region to participate in area municipal community improvement initiatives. L. Riviere reviewed the responses received from the Township of Brock, City of Pickering, and the Regional Works Department. She also advised that subsequent to preparing the report, comments have been received from the Ministry of Municipal Affairs and Housing. L. Riviere noted the responses received from the Ministry of Municipal Affairs and Housing included that they are supportive of the proposed amendment, as it is one of the first in the Province to implement the changes to the community improvement provisions, and by focusing on Regional Centres and Regional Corridors the amendment supports Provincial initiatives such as the Growth Plan; the Ministry provided suggestions regarding enhancing the definitions section of the proposed amendment; and the Ministry noted that there is a need for the Region, through establishing criteria in the Revitalisation Program, to satisfy itself that any community improvement projects meet the intent of the *Planning Act*, since there are some Regional Centres and Corridors outside of the existing built-up urban areas.

Staff responded to questions of the Committee with respect to when during the amendment process the Planning Department responds to comments

received; whether Regional participation will be limited to infrastructure projects; if priority will be given to the Urban Growth Centres; the level of involvement the Region will have; the requirement for the Community Improvement Plan (CIP) to be designated by the area municipality; and when the decision meeting is expected to be held. The Committee also questioned specific locations within the area municipalities and whether the Region would consider participating in these areas if they were designated within a Community Improvement Plan.

Discussion ensued with respect to the need to have defined criteria that must be satisfied as a prerequisite for Regional participation; the need to consider including provisions relating to Brownfield sites; and the potential avenues for Regional participation, such as reducing development charges.

The Chair asked if there were any persons in attendance who wished to make a submission or ask any questions. There were no persons in attendance who requested to make a submission.

5. COMMISSIONER'S REPORTS

a) REGIONAL OFFICIAL PLAN AMENDMENT – COMMUNITY IMPROVEMENT PLANS, FILE: OPA 2007-003 (2007-P-57)

Report #2007-P-57 from A.L. Georgieff, Commissioner of Planning, was received.

MOVED by Regional Chair Anderson,

(147) "a) THAT Report #2007-P-57 of the Commissioner of Planning be received for information; and

b) THAT all submissions received be referred to the Planning Department for consideration."

c) LAND DIVISION COMMITTEE – STIPEND FOR CHAIR AND VICE-CHAIR,
FILE: F07-01 (2007-P-59)

Report #2007-P-59 from A.L. Georgieff, Commissioner of Planning, was received.

MOVED by Councillor Drumm,
(149) "THAT we recommend to Council subject to the approval of the Finance & Administration Committee:

- a) THAT approval be given to increase the stipend for the Chair and Vice-Chair of the Durham Land Division Committee to \$1000 and \$500 per annum respectively, effective September 19, 2007;
- b) THAT the stipend for the Chair and Vice-Chair of the Durham Land Division Committee be adjusted, at the same time and by the same percentage, as salaries for the management and exempt work group are considered; and
- c) THAT funding for the increase come from the 2007 Planning Department budget."

CARRIED

This matter will also be considered by the Finance and Administration Committee on Wednesday, September 12, 2007 and will be presented to Regional Council on Wednesday, September 19, 2007 as Item #2 of the 9th Report of the Planning Committee.

- d) MONITORING OF LAND DIVISION COMMITTEE DECISIONS OF JUNE 7, 11, 14, JULY 3, 16, 30 AND AUGUST 13, 2007 MEETINGS, FILE: 2.1.1.8, (2007-P-60)

Report #2007-P-60 from A.L. Georgieff, Commissioner of Planning, was received. Discussion ensued with respect to Land Division File Numbers LD 153/2007 and LD 154/2007; and the process should members of the public wish to appear before Planning Committee and Council with respect to Land Division Committee decisions.

MOVED by Councillor Ryan,
(150) "THAT we recommend to Council:

- a) THAT Council concurs with the Land Division Committee's decisions of June 7, 11, 14, July 3, 16, 30, and August 13, 2007; and
- b) THAT the Land Division Committee be forwarded a copy of Report #2007-P-60 of the Commissioner of Planning, and be advised of the decision."

CARRIED

- e) REGIONAL APPEAL OF A MUNICIPALITY OF CLARINGTON COMMITTEE OF ADJUSTMENT DECISION ON MINOR VARIANCE APPLICATION #A2007-0028 (EUGENE E. VAN DEWALKER, NEWCASTLE TRAILER PARK), FILE: L01-07 (2007-P-61)

The Chair called upon Dwayne Campbell, Planner, to give a presentation.

6. STAFF PRESENTATIONS

- b) Dwayne Campbell, Planner, provided a presentation outlining the details of Report #2007-P-61 of the Commissioner of Planning. He advised that on July 25, 2007 the Commissioner of Planning appealed to the Ontario Municipal Board the decision of the Municipality of Clarington Committee of Adjustment, which granted a minor variance to add an additional mobile home unit on lands locally known as the Newcastle Trailer Park. He also advised that a hearing date has not yet been set by the Ontario Municipal Board and it is recommended that Council confirm the Commissioner of Planning's appeal, and that Council authorize staff to make the appropriate representation before the Ontario Municipal Board. D. Campbell further advised the subject property is currently serviced with municipal water and holding tanks, which are Class 5 private sewage disposal systems under the Ontario Building Code. He also advised municipal sewer services are available to the west of the subject property and that the Health Department has indicated that the current daily sewage capacity of the trailer park is in excess of the total capacity permitted by Regional standards. D. Campbell outlined the criteria under the Ontario Building Code which permits Class 5 private sewage disposal systems. He also advised that a meeting was held

with Mr. Eugene Van DeWalker and Mr. John Mutton to discuss the matter. D. Campbell concluded that the Municipality of Clarington Council has passed a resolution in support of the Region's appeal and has also authorized its staff to make appropriate representations before the Ontario Municipal Board.

D. Campbell responded to questions of the Committee with respect to the number of mobile home units connected to each holding tank; whether it would be legally possible to connect to the holding tank if the appeal did not proceed; whether the possibility to use a septic system existed; the number of units permitted at the Newcastle Trailer Park; when the trailer park was established; if the non-residential retail sales/service establishment permitted in the zoning by-law would be permitted to connect to the holding tank; and whether an additional residential unit would have been permitted to connect to the holding tank when the 1992 site specific zoning by-law was adopted.

7. DELEGATIONS

- a) MR. JOHN MUTTON, PRESIDENT, MUNICIPAL SOLUTIONS, 123
SIMPSON AVENUE, BOWMANVILLE, ONTARIO L1C 2H9
RE: REPORT #2007-P-61 OF THE COMMISSIONER OF PLANNING

Mr. John Mutton appeared before the Committee on behalf of Mr. Eugene Van DeWalker and Newcastle Trailer Park. He indicated his opposition to the recommendations contained in Report #2007-P-61. Mr. Mutton advised that Newcastle Trailer Park has been operating under a development agreement with the Municipality of Clarington since June 1992. He also advised that under this agreement his client has approval for 19 trailer sites, 18 residential and 1 retail sales/service establishment. He further advised that on July 5, 2007 the Municipality of Clarington's Committee of Adjustment granted approval to transpose the use of the retail sales/service establishment trailer for a residential trailer. Mr. Mutton outlined the criteria in Section 8.8.1.2 of the Ontario Building Code under which it is acceptable to install Class 5 private sewage disposal systems. He also advised the Region's Health Department will only allow the transposed use if his client services the already approved trailer sites with municipal sanitary sewers, which is not practical at this point in time. Mr. Mutton further advised it is his opinion that Section 8.8.1.2 bullet 4 of the Ontario Building Code does allow for the connection to a Class 5 private sewage disposal system. He also advised his client is willing to limit the occupancy of the transposed use trailer to one or two persons. Mr. Mutton concluded by requesting the Committee not to confirm the appeal to the Ontario Municipal Board and to direct Health Department staff to work with the Newcastle Trailer Park on an acceptable and practical compromise and resolution. A copy of his presentation was provided to the Committee Secretary.

Mr. Mutton responded to questions of the Committee with respect to whether the trailer park is currently operating at the total permitted daily sewage

capacity; the discussions held with staff; the ability to limit the number of occupants in the trailer; whether he feels a resolution is possible; the estimated costs to connect to municipal sewer services; the number of trailers connected to each holding tank; whether it is practical to move a trailer from one holding tank to another; and whether the retail sales/service establishment trailer currently exists at the trailer park.

6. STAFF PRESENTATIONS

- c) W. Powell, Public Health Inspector, provided a presentation with respect to Report #2007-P-61 of the Commissioner of Planning. He advised it is the Health Department's position that the Ontario Building Code does not permit a new unit to connect to an existing holding tank and an additional mobile home unit is not recommended unless the trailer park is serviced by municipal sewers. W. Powell also advised that there have been concerns in the past with respect to the odour resonating from the trailer park, specifically when the holding tanks are being pumped. He further advised that a residential trailer creates more sewage than that of a commercial trailer.

W. Powell responded to questions of the Committee with respect to whether he feels a resolution is possible; whether the current daily sewage capacity was calculated using the actual or design flow; whether the design flow was calculated using one or two bedroom units; the number of holding tank pumps required weekly to meet capacity standards; the possibility of connecting to a holding tank that is pumped more than once per week; the estimated costs to connect to municipal sewer services; who completed the design flow calculations; if the non-residential retail sales/service establishment permitted in the zoning by-law would be permitted to connect to the holding tanks; whether the trailer park, in its current form, would have been permitted under the current Ontario Building Code; whether the trailer park currently pays the sewer surcharge rates; whether the Region has culpability if a problem arises and the Region does not appeal this decision; and if washroom facilities would be required if the non-residential retail sales/service establishment was added to the property.

5. COMMISSIONER'S REPORTS

- e) REGIONAL APPEAL OF A MUNICIPALITY OF CLARINGTON COMMITTEE OF ADJUSTMENT DECISION ON MINOR VARIANCE APPLICATION #A2007-0028 (EUGENE E. VAN DEWALKER, NEWCASTLE TRAILER PARK), FILE: L01-07 (2007-P-61)
