Monkeypox Educational Webinar for Health Care Providers – June 23, 2022

Ontario HIV Treatment Network (OHTN) is presenting a repeat of the June 13, 2022 webinar - **Monkeypox: How to Recognize It, How to Manage It - What Primary Care Physicians and Clinicians in Ontario Need to Know.**

Dr. Darrell Tan (Infectious Diseases Physician, St. Michael's Hospital) will present what clinicians need to know about monkeypox including how to recognize it and how to manage it. Dr. Tan will be joined by Dr. Daniel Warshafsky, Associate Chief Medical Officer of Health, Ontario Ministry of Health who will talk about best practices in identifying contacts and stopping onward transmission.

This presentation will be followed by a live Q & A with Dr. Adrienne Chan, Infectious Diseases Physician, Sunnybrook Health Sciences.

This session is intended for primary care providers and you are encouraged to ask questions.
