- (d) in the case of a mixed-use building or structure, the amount of the reduction in the applicable development charges will equal the applicable development charges under sections 7 or 10 of this by-law that would have been chargeable either upon the type of dwelling units or the gross floor area of non-residential use in the mixed-use building or structure that is being demolished or to be demolished or converted to another use;
 - (i) provided that such amounts shall not exceed, in total, the amount of the development charges otherwise payable with respect to the redevelopment.
