ABOUT THIS GUIDE

This guide was developed by Infant and Child Development to give parents/ caregivers and service providers information about funding opportunities that may be available to families.

The guide includes sources of funding from various levels of government, non-profit organizations, charities and wish foundations.

The contact information is listed for each agency and/or source which provides the funding, with a description of the purpose of the funds, a summary of the eligibility criteria, and instructions on how to apply for or get more information on the funding.

Infant and Child Development acknowledge and thank Durham Best Start for their support in the development and printing of this guide. Funding was provided by Durham Best Start.

Any changes or updates to the information in this guide should be addressed by e-mail to beststart@durham.ca.

DISCLAIMER

To the best of our knowledge the information in this booklet is current and accurate. Please check the Best Start Network website for the most up to date funding information.

Some funding sources were excluded because application for their funding is made through service provider agencies.

Tips When Accessing Private Medical Benefits

Families are encouraged to look into their private benefits and insurance for coverage for Nursing, Personal Support Worker (PSW), Psychology (psychological assessments), Therapies, Medication and Equipment. It is important to ask the insurance company if they cover the item and all of the required documentation that will need to be provided in order for the item to be covered.

For **Therapies** the following questions should be asked of the benefit/insurance program:

- What type of therapy is covered (Speech, Physiotherapy, Occupational Therapy, Psychology/Psychological Assessment)?
- What is the amount covered?
- Is the amount covered per year or per life time?
- What medical documentation is required (e.g. Doctor's referral/forms)? Ask for specific criteria that needs to be included.

For **Nursing and Personal Support Worker** the following questions should be asked of the benefit/insurance program:

- What type of nursing care is covered? (Registered Nurse, Registered Practical Nurse)
- What is the amount covered (is there a restriction on the amount per hour)?
- Is the amount covered per year or per life time?
- Is it a requirement to use an agency or is a private service permitted?
- What medical documentation is required (e.g. Doctor's letter/forms)? Ask for specific criteria that needs to be included.

For **Equipment and Supplies** (including wheelchairs, walkers, standers, hospital beds, enteral supplies, elemental formulas, bath seats, incontinence supplies, orthotics) the following questions should be asked of the benefit/insurance program

- Is the specific item covered?
- Medical documentation that is required (ask for specific criteria that needs to be included in the letter)
- Does the child have to be tube fed for formula to be covered?
- Does the formula need to be a meal substitute, replacement or sole source of nutrition?
- Does the product need to be purchased or is renting possible if needed for short-time use (e.g. hospital bed or wheelchair post-surgery)?
- Are the remaining funds covered for items once families have exhausted government funding? (e.g. the additional cost of enteral supplies after ADP or for incontinence supplies after Easter Seals portion is paid)

This non-profit foundation provides financial assistance to children who are physically and/or mentally challenged, after all other sources have been exhausted. The foundation has two programs: Kids Life-Line and Angel Hair for Kids. It provides assistance for families who are financially disadvantaged.

Kids Life-Line:

This program provides one-time financial assistance for necessary products and services such as transportation costs, limited in-home nursing, counselling or therapy, groceries, parking permits, medication or medical/dental supplies that are not covered by the government or insurance.

Angel Hair for Kids:

This program provides wigs and hair-loss solutions to financially disadvantaged children who have lost their hair due to a medical condition or treatment.

To apply for assistance, a health or social care professional must contact the foundation for an intake request package. This package must be filled out and submitted by the health or social care provider. The foundation reviews each request on an individual basis. To request an intake application [email:](mailto:admin@acvf.ca) admin@acvf.ca.

ACSD funding is a benefit that is paid monthly to families with a child with a disability. It is meant to help with the extraordinary costs that families have, due to the disability. Extraordinary costs may include: special clothing and diets, special learning or developmental equipment, babysitting, specialized childcare, special camps, transportation to the doctor, clinic, or hospital, and parent relief. The benefit also provides funds for eye glasses, dental and drug benefits for the child, as well as hearing aids and repairs to hearing aids.

To be eligible, parents or guardians must have a child with a disability who is under the age of 18 years and lives at home. The amount of funding a family may receive is

calculated based on the total family income and the ongoing extraordinary costs and difficulties related to the care of the child with the disability.

To apply, contact your local regional office to request an application form. Send your completed form to your local regional office.

Assistive Devices Program (ADP)

The ADP covers up to 75% of the costs of equipment and other devices that will help people with a long-term physical disability increase their independence and quality of life. Social assistance benefits under Ontario Works (OW), Ontario Disability Support Program (ODSP), Assistance for Children with Severe Disabilities (ACSD), private insurance and other sources may cover the additional 25%. Types of equipment covered include: communication devices, diabetes equipment, hearing aids, home oxygen, orthoses, ostomy supplies, prosthetic devices, visual aids, wheelchairs, etc.

To be eligible, Ontario residents must have a valid Health Card and have had a physical disability for six months or longer. There are no limits to funding based on personal income.

A doctor or health care professional will make a referral to a registered authorizer who will approve the assistive device and submit the application.

Autism Ontario provides funding through the March Break Reimbursement Fund and the One-to-One Summer Support Worker Reimbursement Fund to families with children who have been diagnosed with Autism Spectrum Disorder.

The March Break Reimbursement Fund:

This program provides up to \$350 for families who either retain the services of a one-to-one support worker or pay for a March Break camp/program for their child/youth with ASD. To be eligible, an individual must be 18 years or younger and have an official diagnosis of ASD. Applications are accepted for a limited time period between December and January.

The One-to-One Summer Support Worker Reimbursement Fund:

This program provides up to \$600 to Ontario families of children with ASD who attain the services of a one-to-one support worker for their child to attend a community summer camp or summer program. To be eligible, a child must be under the age of 18 years and have a documented diagnosis of ASD by a professional. Applications are accepted for a limited time period in Spring.

All [application forms](#) can be obtained online at.

Website: http://www.esdc.gc.ca/en/canada_child_benefit.page

The CCB (formerly known as the “Baby Bonus” and also replacing the Universal Child Care Benefit) is a tax-free benefit paid monthly to help eligible families with the costs of raising and meeting the daily needs of a child. It is targeted to those who need it most.

To be eligible, you must be a Canadian Citizen and primarily responsible for the care and upbringing of a child who lives with you and is under the age of 18 years. The benefit a family may receive is calculated based on the total family income and number of children in your care.

You should apply when: your child is born, you become a Canadian Citizen, and/or a child begins living with you. If you are a mother of a newborn, you may apply through the Automated Benefits Application when you sign your child’s birth registration. Otherwise, you must fill out **Form RC66** (Canada Child Benefits Application) and return it to your local tax office. This form can be obtained from this [link](http://www.cra-arc.gc.ca/E/pbg/tf/rc66/README.html):

[Website: www.esdc.gc.ca/en/ei/critically_ill_children/index.page](http://www.esdc.gc.ca/en/ei/critically_ill_children/index.page)

Employment Insurance (EI) provides a benefit for up to 35 weeks for a parent, step-parent, foster parent or legal guardian to provide care or support to a critically ill child. It is a special benefit called Parents of Critically Ill Children (PCIC). A qualified health practitioner must issue a certificate stating the period during which the child will require care or support.

A critically ill child is a child who has a life-threatening illness or injury, that can include various acute phases of illness and for which continued parental care or support is required. This does not include a child with a chronic illness or condition that is their normal state of health. There must be a significant change from the child's normal or baseline state of health at the time they are assessed by a specialist medical doctor.

This program provides short term, crisis assistance to children/youth with complex needs and their families. Measureable goals must be developed. The funds are only

provided in situations that require supplementary resources beyond the capacity of the system and when all other routes of service planning have been exhausted.

A child/youth must be between birth and 18 years of age with a complex need. A complex need is recognized as being severe or chronic in nature (emotional, developmental disability or terminal illness) and beyond the capacity of the family and local services, requiring an integrated service approach that may cross sectors, and needing immediate measures to decrease the risk of the immediate health and safety of the child/youth. The child must reside and be accessing services within Durham Region.

To apply, a professional must request an application form by calling the phone number listed above. The completed application form can be mailed or faxed to the Co-ordination Supervisor at the address above.

Healthy Smiles Ontario (HSO) is a free (government-funded), basic dental program for children and youth. Services covered include: regular check-ups to a licensed dental provider (e.g. dentist or dental hygienist), dental services including cleaning, fillings, xrays, scaling and urgent or emergency oral health issues.

To be eligible, your child must be 17 years of age or younger, an Ontario resident and members of the household meet the income eligibility requirement. Children are automatically eligible and are enrolled when they or their family receive Ontario Works, Temporary Care Assistance, Assistance for Children with Severe Disabilities or the Ontario Disability Support Program. Families that have other dental insurance are not automatically excluded.

To access the program, contact your dentist to see if they participate in the HSO program. If you do not have a dentist, contact the Durham Region Health Department, Oral Health Division at 1-866-853-1326 or at the [website:](http://www.durham.ca/oralhealth) www.durham.ca/oralhealth.

To enroll for dental coverage through the Healthy Smiles Ontario Program, applicants (the child or parent/guardian) must complete and submit an application to the Ministry of Health and Long-Term Care. The Durham Region Health Department can help with enrollment. Families can apply through the [online application](#) portal at:

The Community Development Council of Durham provides low income Durham residents with assistance related to housing stability including: emergency-related hydro or gas arrears, rental arrears and last month's rent. This is a short-term program assessed on a case-by-case basis. Tenants must live in a unit that is usually affordable to them.

The CDCD will require identification from all household members occupying the unit, proof of rental arrears/utility arrears/need to move or obtain last month's rent, copy of most recent bank statement and a signed Housing Stability Application. In the case of rental arrears the landlord will be contacted. Financial eligibility is based on the LICO (Low Income Cut-Off) chart and requires the applicant to exhaust all other opportunities for financial assistance.

Application forms can be sent to the mailing address provided above or you can begin the process by contacting CDCD. A direct link to the [application form](#) is: <http://www.cdcd.org/housing/housing-forms/>.

Starlight provides opportunities in the form of activities, tickets, events and wishes to children who are seriously ill. There are 3 facets to their funding:

Starlight Escapes:

This program provides families with children who are seriously ill (of any age) with opportunities to attend fun events together such as movies, cruises, picnics and sporting events. Family members will have the opportunity to meet with others who are facing similar challenges at these events.

Starlight Day Brighteners:

This program allows a seriously ill child to experience a fun outing such as a concert, sporting event, museum and attractions away from the hospital, treatments and therapies. Children who are part of the Starlight Escapes program are automatically invited to participate in the Brightener program.

To apply to the Starlight Escapes and Day Brighteners programs, complete and submit an application to be part of the “Starlight Family” by email, fax or mail.

[Applications](#) can be found at:

Ontario Drug Benefit

This program provides Ontario residents with financial assistance if they have high prescription drug costs in relation to their net household income. The program helps cover the cost of prescription drug products listed on the Ontario Drug Benefit Formulary/Comparative Drug Index. Drug products that are not listed on the Formulary will be considered through the Ministry's Exceptional Access Program on a case-by-case basis.

To be eligible, you must be a resident of Ontario, have a valid Ontario Health Card, and do not qualify for drug coverage from another Ontario Drug Benefit source. Also, you must not have private insurance coverage or if you do, the private insurance does not cover 100% of your prescription drug costs.

Please note: You will pay a set amount of your prescription drug costs each year. The amount of your deductible is based on your household income and equals about 4% of your household's combined net income. Payments are split into four equal amounts over the year starting on August 1st. You pay your deductible by purchasing ODB approved prescription drug products at your pharmacy. Once you have purchased enough of these products to equal the amount of your deductible, then the ODB program pays for most of the cost of your drugs.

To apply, obtain a Trillium application kit at your local pharmacy or by calling 1-800-575-5386. The [application form](#) can also be printed from this direct link and mailed in: [http://www.forms.ssb.gov.on.ca/mbs/ssb/forms/ssbforms.nsf/GetFileAttach/014-3693-87~18/\\$File/3693-87E.pdf](http://www.forms.ssb.gov.on.ca/mbs/ssb/forms/ssbforms.nsf/GetFileAttach/014-3693-87~18/$File/3693-87E.pdf).

Nutrition Products

Nutrition products (formula) may be reimbursed when the cost is exceptional relative to the cost of regular formula.

To be eligible, the formula must be prescribed by the child's doctor and be the sole source of nutrition as the result of one of the following: disorders resulting in esophageal dysfunction, dysphagia, maldigestion, malabsorption or those requiring a chemically defined diet. A "Prescriber" (e.g. doctor) and Pharmacist must complete and sign the application.
