

Durham Region Homelessness Support System Built for Zero Canada – Milestone Achieved

Durham Region has achieved a Quality By-Name List! This is an important milestone in our journey to end chronic homelessness and meet the first goal of [At Home in Durham, the Durham Region Housing Plan 2014-2014](#).

Durham Region's baseline for chronic homelessness is 52 people.

Our next milestone is to achieve and sustain a 10% reduction in our baseline.

The Homelessness Initiatives Team is tasking the Homelessness Support System in Durham to help us achieve this next milestone as quickly as possible! We know it's possible.
