Personal Protective Equipment (PPE)

The Region of Durham Children's Services Division is committed to supporting the safe reopening of child care that supports the needs of children, families and educators. To that end, we have been working with our suppliers to obtain PPE that child care operators can access if no other options are available.

To access PPE, you can investigate options as provided in the reopening document or complete the attached application requesting a one-time donation of equipment for use at start-up and sign the waiver. As we have a limited number of supplies, we can provide these to operators on a first-come first-served basis.

Please complete the application and waiver below and submit to Janine Keith, Program Manager at Janine.keith@durham.ca
