

PROGRAM POLICIES SANITARY PROCEDURES AND PRACTICES	GENERAL SANITARY PRECAUTIONS – COVID 19	SUBJECT	COVID-19
		DATE	September 2020
		PAGE	1 of 6

POLICY

In addition to routine practices for dealing with blood/body fluids and blood/body fluids by-products, all staff must strictly adhere to sanitary precautions in all aspects of the program.

PROCEDURES

Refer to Public Health Ontario, Health Department Wee Care Manual, Public Health Ontario's Environmental [Cleaning and Disinfection fact sheet](#), the Public Services Health and Safety Association's Child Care Centre [Employer Guideline](#), and the [Reopening Tool Kit](#) for information and best practices for cleaning and disinfecting.

Centres will be cleaned thoroughly prior to re-opening and daily on an ongoing basis. Cleaning and disinfecting should be logged to track and demonstrate cleaning schedules.

Cleaning

- Use detergent and warm water to clean visibly soiled surfaces
- Rinse the surface with clean water (warm to tepid temperature preferred) to ensure detergent is removed
- Let the surface dry

Disinfectant/Sanitizer

The use of an approved disinfecting product from the [List of Hard-surface disinfectants](#) and hand sanitizer COVID-19 is required.

Clean and disinfect upon ENTRY to child care (for staff):

- Any hard surfaces such as water bottles, travel mugs, cell phones, lunch containers

Clean and disinfect upon children's ENTRY to child care:

- Any hard surfaces such as water bottles, containers

Disclaimer: This document is a sample template that has been prepared to assist operators in understanding the minimum requirement for Health and Safety policies and practices related to offering child care services in the Region of Durham. The information in this sample template has been reviewed by the Health Department, as the Medical Officer of Health. It is the responsibility of the operator to ensure that the information included in this document is appropriately modified to reflect the individual circumstances and needs of each child care centre it operates.

Please be advised that this document does not constitute legal advice and should not be relied on as such. The information provided in this document does not impact the Ministry's authority to enforce the CCEYA and its regulations or the Local Medical Officer of Health's authority to enforce Health related regulations. Health Department staff will continue to enforce legislation, regulations and Health department requirements based on the facts as they may find them at the time of any inspection or investigation. It is the responsibility of the operator to ensure compliance with all applicable legislation and guidance documents. If the operator requires assistance with respect to the interpretation of the legislation, guidance documents and their application, the operator may wish to consult legal counsel.

Disposable Gloves

Gloves must be worn in the following circumstances and disposed after use:

- Administering first aid
- Cleaning and disinfecting blood and body fluid (e.g. vomitus spills)
- Rinsing wet clothing or linen
- Contact with diarrhea including cleaning and disinfecting contaminated surfaces, diaper changing
- During active screening and in the case of an isolation of an ill child

Medical Masks and Face Shields

- All adults in the child care centre (i.e. child care staff, visitors and students) are required to wear medical masks and face shields while inside the centre, including in hallways.
- All children in grades 4 and above are required to wear a non-medical mask or cloth mask while inside the centre, including hallways. Parents/guardians are responsible for providing their children with a mask.
- All school-aged children are encouraged but not required to wear a mask while inside the centre.
- The use of masks is not required outdoors for adults or children if physical distancing of at least two metres can be maintained between individuals.
- Reasonable exceptions to the requirement to wear masks are considered and expectations outlined. Exceptions to wearing masks indoors could include circumstances where a physical distance of at least 2 metres can be maintained between individuals, situations where a child cannot tolerate wearing a mask, reasonable exceptions for medical conditions, etc.
- Masks are not recommended for children under the age of two.

Gowns

Gowns must be worn in the following circumstances:

- Cleaning and disinfecting bodily fluids
- While caring for child in isolation

Hand Washing

Centres will perform and promote frequent and proper hand washing. Staff must wash their hands with soap and warm water in the following situations:

- Before handling food
- Before and after eating
- Before and after diaper check and change
- Before and after toileting
- Before and after contact with bodily fluids
- After handling toxic materials
- Before and after using gloves
- Before and after touching theirs or someone else's face

Children must wash their hands with warm soapy water:

- Before handling food
- Before and after eating
- Before and after toileting
- Before and after wiping their own nose

Food Provision

- No self-serving at meal times
- Meals are to be individually portioned for children
- No items should be shared at meal times (e.g. serving spoons)
- No outdoor food provided by family outside of the regular meal provision except where required and special precautions for handling and service food are in place

- Children should neither prepare nor provide food that will be shared with others

Cots

Children will have a cot assigned to them. Cots will be placed to support physical distancing practices.

- Cot sheets and blankets must be changed between each user
- Cots must be cleaned and disinfected between each use
- Sheets and blankets must be changed between each use
- Staff must record all these tasks on the Cleaning Schedule for Linens and Cots

Whole Centre, Toys and Equipment

Staff must ensure that all toys and equipment are in good repair, clean and sanitary. The Supervisor or designate must be advised of any concerns regarding toys and equipment.

- All toys used at the centre must be made of materials that can be cleaned and disinfected easily. Avoid absorbent materials like plush toys.
- Activities should be planned to avoid the sharing of objects or toys
- Should any child present with symptoms of COVID-19, all toys and equipment accessed by the child will be removed from the room to be cleaned and disinfected as soon as possible.

Standard Cleaning protocols will be followed when children in care are asymptomatic.

Clean and disinfect frequencies for other surfaces and items:

Cleaning and disinfecting routines **must** be increased as the risk of environmental contamination is higher:

- **Tables and countertops:** used for food preparation and food service must be cleaned and sanitized before and after each use

- Children must not share food, feeding utensils, soothers, bottles, sippy cups. Other tables and chairs being used are to be cleaned and disinfected twice daily and more often as needed.
- **Spills** must be cleaned and disinfected immediately
- **Washrooms and Handwash sinks:** One cohort should access the washroom at a time. Public Health recommendation is that washroom areas must be cleaned in between each use, particularly if different cohorts will be using the same washroom. Washrooms should also be cleaned as often as necessary (e.g., when visibly dirty or contaminated with body fluids).
- **Floors:** cleaning and disinfecting must be performed as required, i.e., when spills occur, and throughout the day when rooms are available, i.e., during outdoor play
- **High-touch surfaces:** any surfaces at your location that has frequent contact with hands (e.g., light switches, shelving, containers, hand rails, door knobs, sinks, toilets, toilet handles etc.). These surfaces should be cleaned and disinfected at least twice per day and as often as necessary (e.g., when visibly dirty or contaminated with body fluids)
- **Other shared items:** (e.g., phones, IPADs, IPODs, attendance binders etc.) these must be disinfected between users).
- All toys must be cleaned and disinfected daily when in use.
- Mouthed toys must be cleaned and disinfected after every use.
- Large equipment and shelving must be cleaned and disinfected every week
- Water tables must not be used. Only individual sensory play is permitted. If sensory materials are offered, they should be provided for single use and labelled with the child's name.
- Dramatic play clothes must be laundered after each use.
- Floors must be kept clean and dry throughout the day. They must be swept and mopped as necessary by staff.
- Children's cubbies are to be kept neat and checked weekly by staff.
- If outdoor equipment is accessed, it must be cleaned and disinfected before each use and in between use of different cohorts. This includes large outdoor structures

as well as loose equipment (e.g. balls, ride on toys) Only centre outdoor equipment can be utilized.

- The Cleaning Schedule for Toys and Equipment must be posted in playrooms.

Daily Cleaning

The [Ministry of Health's process for cleaning surfaces](#) will be followed by all staff.

ELCC Centre cleaners will thoroughly clean and disinfect bathrooms, sweep and mop floors, spot clean glass, vacuum carpets, dust furniture and shelves, empty garbage and disinfect containers daily.
