If you have any questions about this questionnaire, please contact the Regional Municipality of Durham as identified above.

Mailing Address (Street No. and Name): _____

Location of Subject Lands (Municipal Address): _____

Related Planning Application(s) and File Number(s) _____

1. What is the current use of the property? Check the appropriate use(s):

- | | | | |
|-------------|--------------|---------------|-----------|
| Category 1: | Industrial | Commercial | Community |
| Category 2: | Residential | Institutional | Parkland |
| Category 3: | Agricultural | Other | |

Note: daycare facilities and a property that contains a religious building(s) are considered institutional uses. See Ontario Regulation 153/04, as amended, for definitions.

2. Does this development proposal require a change in property use that is prescribed under the *Environmental Protection Act* and O.Reg. 153/04 (e.g. a change to a more sensitive use from Category 1 to 2; 2 to 3; or 1 to 3 as identified under Question 1)?

Yes

No

If yes to Question 2, a Record of Site Condition must be filed on the Provincial Environmental Site Registry.

3. Has the property or any adjacent lands ever been used as an Enhanced Investigation Property (e.g. industrial uses; chemical warehousing; automotive repair garage; bulk liquid dispensing facility, including a gasoline outlet and/or a dry-cleaning equipment)?

Yes

No

4. Has fill (earth materials used to fill in holes) ever been placed on the property?

Yes

No

5. Is the property or any adjacent lands identified as a wellhead protection zone? (Please review the Ministry of the Environment, Conservation and Parks [Source Protection Information Atlas](#) to confirm)

Yes

No

6. Is the property within 250 metres from an active or decommissioned landfill/dump, waste transfer station or Polychlorinated Biphenyl (PCB) storage site?

Yes

No

7. Has the property ever stored/generated/accepted hazardous materials requiring Hazardous Waste Information Network (HWIN) registration or other permits?

Yes

No

8. Does the subject lands or lands abutting it previously or currently support one or more of the Potentially Contaminating Activities identified in Table 2 of Schedule D of O.Reg 153/04, as amended (see attachment)?

Yes

No

If Yes was selected in any of the questions above, a Phase One ESA (and possibly a Phase Two ESA) at a minimum prepared in accordance with O.Reg. 153/04, is required. Please submit two hard copies and a digital copy of the Phase One and/or a Phase Two ESA that satisfies the requirements of O.Reg 153/04, as amended.

ESA's may be waived at the Region's discretion provided that the Applicant/Qualified Person (QP) can demonstrate that the response(s) does not pose a risk to human health and the environment to the Region's satisfaction (e.g. consent applications relating to easements, leases, mortgages, correction of title as well as location of off-site Potentially Contaminated Activities; and direction of surface and groundwater flow etc.).

The Region must be granted third party reliance on all ESA work through the completion of its Reliance Letter and Certificate of Insurance. Regional third-party reliance is not required if a Record of Site Condition is filed on the Environmental Site Registry for the proposed property use and/or the Ministry of the Environment, Conservation and Parks (MECP) issues a notice of a Certificate of Property Use where applicable.

Note: The Region may scope the Environmental Site Assessment requirements for minor development proposals on Enhanced Investigation Properties (e.g. accessory structures) or determine if additional environmental work is required.

Declarations:

This form must be completed and signed by both a Qualified Person and the property Owner(s) or Authorized Agent for all development applications made under the Planning Act and reviewed by the Region of Durham Planning Department.

A QP sign-off may be waived by the Region for the following Land Division Committee application types: leases; mortgages; title corrections; re-establishment of lot lines (where title inadvertently merged); minor lot line adjustments (at the discretion of the Region); as well as minor variances; minor zoning by-law amendments (e.g. where there is no physical development, the addition of a new non-sensitive land use), and/or part lot control applications where site contamination was recently addressed by a related planning application. For a full list of QP exemptions, please see the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol.

Where a QP sign-off is required on this form, the completion of a Regional Reliance Letter and Certificate of Insurance may be waived.

To the best of my knowledge, the information provided in this questionnaire is true, and I do not have any reason to believe that the subject property contains contaminants at a level that would interfere with the proposed property use. I am a Qualified Person in accordance with Ontario Regulation 153/04 and carry the required liability insurance in accordance with the Regional Municipality of Durham's Soil and Groundwater Assessment Protocol.
