Consent Application heard on: Monday, September 9, 2019

File: LD 100/2019
Submission: B 092/2019
Owner: Fiera Properties Core Fund GP Inc.
Agent: Goodmans LLP
Location: Lot 21, Concession BFC
Town of Whitby
Municipality: Town of Whitby

Consent to grant an access easement over a 9,392.5 m² industrial parcel of land in favour of the property to the south, retaining a 85,636.40 m² industrial parcel of land.

Applications LD 100/2019 and LD 101/2019 were heard in conjunction.

The Committee member visited the site on August 26, 2019 and confirmed the property was properly posted.

Present was:

Agent: Franzolini, Michael - Goodmans LLP
Interested Party: R. Anthony Gilbert

Mr. M. Franzolini explained the nature of the application and advised the Committee the application was previously approved in 2009, however, due to a technical error with the creation of the original easement this new application was required.

Mr. M. Franzolini further explained that as the properties were owned by same owner, it was their client's interpretation that the consent was not valid and contravened the Planning Act.

Mr. R. Gilbert expressed his support for the applications, however, he expressed concerns related to the access over Part 9 of the draft reference plan. He indicated the property owners of Part 1 and 2 will attempt to remove the barrier system that prevented an exit on Thicksen Road and he would like to see the historic agreement between the owners remain in place.

Mr. M. Franzolini advised the Committee this application is essentially rectifying a technical error. He further advised that truck trailers will continue to have access by way of William Smith Drive and no access to Thicksen Road is proposed.

The Committee had for information reports received from the Regional Municipality of Durham Planning and Economic Development, and Works Departments, and the Town of Whitby.

Agency comments were provided to Mr. M. Franzolini.

The Regional Municipality of Durham Land Division Committee Meeting

Minutes and Decisions

As per: The Planning Act, and in accordance with the Provincial Rules of Procedure

Consent Application heard on: Monday, September 9, 2019

File: LD 106/2019
Submission: B 098/2019
Owner: Mill Run Golf Club
Agent: EcoVue Consulting Services Inc.
Location: Lot 27, Concession 2
Township of Uxbridge
Municipality: Township of Uxbridge

Consent to sever a 22.8 hectare agricultural parcel of land, retaining a 208.66 hectare agricultural parcel of land with an existing golf course.

The Committee member visited the site and confirmed the property was properly posted.

Present was:

Owner: Cox, Brian - Mill Run Golf Club
Agent: Randall, Kent - EcoVue Consulting Services Inc.
Interested party: Mantle, Jacob
Kern, Anne
Mantle, David

Mr. B. Cox explained the nature of the application and advised the Committee the application would facilitate the severance of a portion of the existing golf course property that currently used for agricultural purposes. He further advised that the severed property will be sold as it does not serve any function for the golf course.

Mr. B. Cox indicated the severed portion of the property is currently zoned for agricultural uses and is permitted by the policies of the Oak Ridges Moraine Plan.

Committee Member K. Bavington asked the agent to confirm if the severed parcel will continue to be used for agricultural uses.

Mr. K. Randall indicated the lands will be rezoned.

Mr. J. Mantle advised the Committee he was representing his father who owns adjacent lands. He expressed concerns related to the review of application process and indicated he did not believe the application conforms to the existing planning.

Secretary-Treasurer L. Trombino provided a high-level overview of the application process and advised Mr. Mantle that the application was filed under section 53 of the Planning Act. He indicated notice was sent to surrounding area residents and applicable agencies for comments and those agencies have in fact reviewed the application and have provided supportive comments relating to the application/proposal.

Secretary-Treasurer L. Trombino further advised the commenting agencies address conformity with applicable plans and policies and that the Committee Member who makes the motion will provide a rationale for their Decision.

Mr. K. Randall advised the Committee there are reports which set out the rationale for the agencies.

Committee Member E. Hudson advised Mr. Mantle of his right to appeal the Committee's Decision should he not agree with the Committee's Decision.

Committee Member K. Bavington asked Mr. Mantle to identify position with respect to the application.

Mr. J. Mantle advised he wanted to understand the Committee's rationale for their decision.

Committee Member C. Molinari referred Mr. Mantle to the Regional Planning and Economic Development comments which speak to policy and plans compliance.

Mr. J. Mantle referred the Committee to Section 32 of the Oak Ridges Moraine Conservation Plan and explained that the refers to uses and not zoning. He then asked for the Committee's position related to zoning and uses.

Chair G. O' Connor advised Mr. Mantle the property is currently zoned agriculture, however, if someone buys the property and chooses to introduce another use it would be subject to a rezoning process.

Committee Member A. Georgieff advised Mr. Mantle that there are strong Provincial policies that protect this area and at this moment the likelihood of that zoning change is very slim given the existing use is agricultural.

Secretary-Treasurer L. Trombino advised that any proposal for rural development is not consistent and does not conform with existing plans and policies. He indicated that once land is severed it will be eligible for a building permit for the construction of a single family dwelling while maintaining the current agricultural zoning.

Committee Member A. Arnott queried how a farm building application would that be handled.

Secretary-Treasurer L. Trombino advised there are a range of uses permitted with the agricultural zone and that any building permits would be dealt with by the local municipality.

Mr. D. Mantle advised the Committee that the application will require a minor variance application.

Secretary-Treasurer L. Trombino advised that the proposed application is also subject to the Township of Uxbridge. He indicated the comments issued by the Township of Uxbridge do make reference to a zoning conformity review.

Mr. K. Randall provided clarification to the Committee and interested parties by advising zoning is based on the use, however, the zoning itself permits a separate use on the property.

Ms. A. Wease advised the Committee she resides to the west of the subject property and asked if the proposed severed lands are zoned agricultural and if so, will they remain agricultural. She further queried whether there will be development on the property.

The Committee advised Ms. A. Wease that any development outside the range of uses permitted by the existing zoning could be subject to a separate planning process.

The Committee had for information reports received from the Regional Municipality of Durham Planning and Economic Development, Health and Works Departments, the Township of Uxbridge and Lake Simcoe Region Conservation Authority.

Agency comments were provided to Mr. K. Randall.
