Minutes and Decisions

As per: The Planning Act, and in accordance with the Provincial Rules of Procedure

Consent Application heard on: Monday, July 20, 2020

File: LD 164/2019
Submission: B 046/2020
Owner: Purdue Pharma Inc.
Agent: Borden Ladner Gervais LLP
Location: Lot Pt Lt 30, Concession BFC
City of Pickering
Municipality: City of Pickering

Consent to sever a vacant 1.439 hectare industrial parcel of land, retaining a 3.032 hectare industrial parcel of land with existing structures.

This application was tabled from the February 10, 2020 hearing.

The Committee member visited the site on July 6, 2020 and confirmed the property was properly posted.

Present was:

Agent: Shipowick, Adam

Mr. A. Shipowick explained the nature of the application and advised the Committee his client is seeking consent to separate each property as each property operates and functions independently from each other. He further

advised this is merely a technical severance and the purpose of this application is to obtain a consolidated consent to provide the necessary flexibility for the adjacent property.

Mr. A. Shipowick indicated the adjacent property benefits from an existing consent and that this application will facilitate an independent consent on the adjacent lot with its own registered consent.

Mr. A. Shipowick further advised the Committee there are no proposed changes to the existing use of land. He indicated the application was previously tabled as per the recommendations of the Toronto Region Conservation Authority ("TRCA"), however, the owner has since provided the agency with the necessary background summary of title documents and through subsequent discussions with the agency. Mr. A. Shipowick confirmed that TRCA is now supportive of the application.

Mr. A. Shipowick asked the Committee for relief from the Region of Durham Planning and Economic Development Department's condition for a completed Site Screening Questionnaire ("SSQ"). He indicated this is not a typical consent application as no new development is proposed and this application is simply to re-establish the existing lot. He advised this requirement would be prejudicial to the owner as information therein could be divulged to its competitors.

Secretary-Treasurer Mr. L. Trombino advised the Committee this is a standard requirement for the Region of Durham and its eight area municipalities.

Committee Member C. Molinari asked for clarification on what is being severed and which lands are to be retained. After review of the application and file, Assistant Secretary-Treasurer Ms. P. Aguilera provided clarification to the Committee.

Committee Member E. Hudson asked if he could waive the requirement and permit the agent's request.

Secretary-Treasurer L. Trombino advised this is a standard condition of Regional Planning for a new lot creation application. He reminded the Committee of their options which include a recommendation to table, approve or deny an application. He further advised the Committee that an approval would require satisfaction of any conditions imposed.

Decision of the Committee

Moved by: E. Hudson

Seconded by: NONE

Having reviewed and considered all the agency comments and heard the oral submission, I hereby move that application LD 164/2019, be approved, as amended, as it generally complies with all applicable plans and policies, subject to:

Conditions

1. That the applicant satisfy the requirement of the City of Pickering's letter dated July 10, 2020, financial and otherwise.
2. That the applicant submit two copies of a registered plan on the subject parcel.
3. That the consent be subject to the following periods:
 - Last date for fulfilling Conditions is Friday, July 30, 2021.
 - Expiry Date of Application LD 164/2019 is Monday, August 30, 2021.

Clearing Agencies

4. That prior to the signing of the certificate by the Assistant Secretary-Treasurer that the consent has been given, the Assistant Secretary-Treasurer is to be advised in writing by the City of Pickering that condition #1 has been carried out to its satisfaction.
5. That prior to the signing of the certificate by the Assistant Secretary-Treasurer that the consent has been given, the Assistant Secretary-Treasurer is to be satisfied that the time periods outlined in condition #3 have been adhered to.

The Motion failed as no other Committee Member would second the motion. The Committee discussed options for proceeding with the application.

Mr. A. Shipowick asked the Committee if they would be willing to amend the condition to state the SSQ be kept confidential and not open to the public for viewing.

Secretary-Treasurer L. Trombino advised that all the Land Division files are public records and available for inspection by any member of the public. He indicated if a condition was imposed and the SSQ was not provided by the applicant a clearance would not be provided by Regional Planning and the application will lapse.

Committee Member A. Camposeo asked for clarification on what portion of the land the SSQ will apply to.

Secretary-Treasurer L. Trombino advised the Committee it would deal specifically with the severed lands, however, it may extend to the entire site as it would depend on the opinion of the Qualified Person completing the SSQ.

The Committee had for information reports received from the Regional Municipality of Durham Planning and Economic Development, and Works Departments, the City of Pickering and the Toronto Region Conservation Authority.

Agency comments were provided electronically to Mr. A. Shipowick, the agent for the owner.
