

## Gibb West (O2)

### Neighbourhood Profile - December 2017

#### Description:

Gibb West includes the area between Highway 401, Highway 2, the Whitby border and the Oshawa Creek. The Neighbourhood has several prominent features including The Oshawa Centre, Durham Alternative Secondary School, and four elementary schools. This Neighbourhood has been identified by the Health Department as a Priority Neighbourhood.

Population (2011): 11,660

Population Density: 2,309.8 persons per square kilometre

Number of Births (2014): 121

| Demographics – 2011  | Neighbourhood | Durham Region | Compared to Durham Region |
|--|---------------|---------------|---------------------------|
| Population growth rate (2006 to 2011)                        | -1.1%         | 8.6%          | <b>LOWER</b>              |
| Population aged 0-14 years                                   | 14.8%         | 18.6%         | <b>LOWER</b>              |
| Population aged 0-4 years                                    | 5.0%          | 5.7%          | similar                   |
| Population aged 5-9 years                                    | 4.9%          | 6.1%          | similar                   |
| Population aged 10-14 years                                  | 4.9%          | 6.8%          | <b>LOWER</b>              |
| Population aged 15-19 years                                  | 6.3%          | 7.7%          | similar                   |
| Population aged 20-24 years                                  | 7.2%          | 6.5%          | similar                   |
| Population aged 25-29 years                                  | 6.8%          | 5.7%          | <b>HIGHER</b>             |
| Population aged 30-39 years                                  | 13.0%         | 12.6%         | similar                   |
| Population aged 40-49 years                                  | 16.9%         | 16.5%         | similar                   |
| Population aged 50-59 years                                  | 15.1%         | 14.8%         | similar                   |
| Population aged 60-64 years                                  | 5.5%          | 5.5%          | similar                   |
| Population aged 65+ years                                    | 13.6%         | 12.1%         | similar                   |
| Female lone-parent families                                  | 23.0%         | 14.0%         | <b>HIGHER</b>             |
| Seniors living alone   | 27.2%         | 21.4%         | <b>HIGHER</b>             |
| Income - Low income rate                                     | 18.7%         | 9.9%          | <b>HIGHER</b>             |
| Income - Children less than 6 years in low income households | 28.3%         | 12.8%         | <b>HIGHER</b>             |
| Income - Median after-tax household income                   | \$46,600      | \$70,100      | <b>LOWER</b>              |
| Low education (no high school completion)                    | 20.1%         | 8.9%          | <b>HIGHER</b>             |
| Unemployment rate  | 12.4%         | 8.6%          | <b>HIGHER</b>             |
| Commuting duration (median minutes)                          | 20.1          | 30.1          | <b>LOWER</b>              |
| Aboriginal Population  | 1.7%          | 1.5%          | similar                   |
| Recent immigrants (in past 10 years)                         | 2.8%          | 3.6%          | <b>LOWER</b>              |
| Visible minorities   | 9.5%          | 20.7%         | <b>LOWER</b>              |

### Neighbourhood Profile - December 2017

| Health conditions   | Neighbourhood | Durham Region | Compared to Durham Region |
|---|---------------|---------------|---------------------------|
| Asthma ED visit rate (per 1,000), ages 0-14                         | 9.4           | 10.3          | similar                   |
| Asthma prevalence rate (per 100), ages 0-14                         | 19.7          | 19.2          | similar                   |
| Diabetes prevalence rate (per 100), ages 20+                        | 11.9          | 10.4          | <b>HIGHER</b>             |
| Lung disease (COPD) prevalence rate (per 100), ages 35+             | 14.3          | 10.1          | <b>HIGHER</b>             |
| Cardiovascular disease hospitalization rate (per 1,000), ages 45-64 | 10.6          | 9.8           | similar                   |
| <b>Infectious diseases (rate per 100,000)</b>                       | --            | --            | --                        |
| Chlamydia incidence rate (per 1,000), females ages 15-24            | 26.8          | 17.2          | <b>HIGHER</b>             |
| Enteric diseases incidence  | 57.2          | 64.4          | similar                   |
| Influenza incidence   | 34.3          | 36.0          | similar                   |
| Hepatitis C incidence   | 84.0          | 27.9          | <b>HIGHER</b>             |
| Latent Tuberculosis Infection (LTBI) incidence                      | 32.6          | 33.3          | similar                   |

#### Profile Notes

For demographic and housing indicators, "LOWER" means at least 20% lower than Durham Region and "HIGHER" means at least 20% higher. For other indicators, "LOWER" or "HIGHER" means that the 95% confidence intervals do not overlap with Durham Region or that the critical difference is significantly different. Similar means that the Health Neighbourhood is similar to Durham Region for that indicator.

When "LOWER" or "HIGHER" is in blue, the indicator is neutral in terms of health. Green means that the Neighbourhood is doing better in terms of health than Durham Region and red indicates it is worse.

Estimates marked with an asterisk (\*) have high variability and should be used with caution. Some estimates are not releasable due to small numbers.

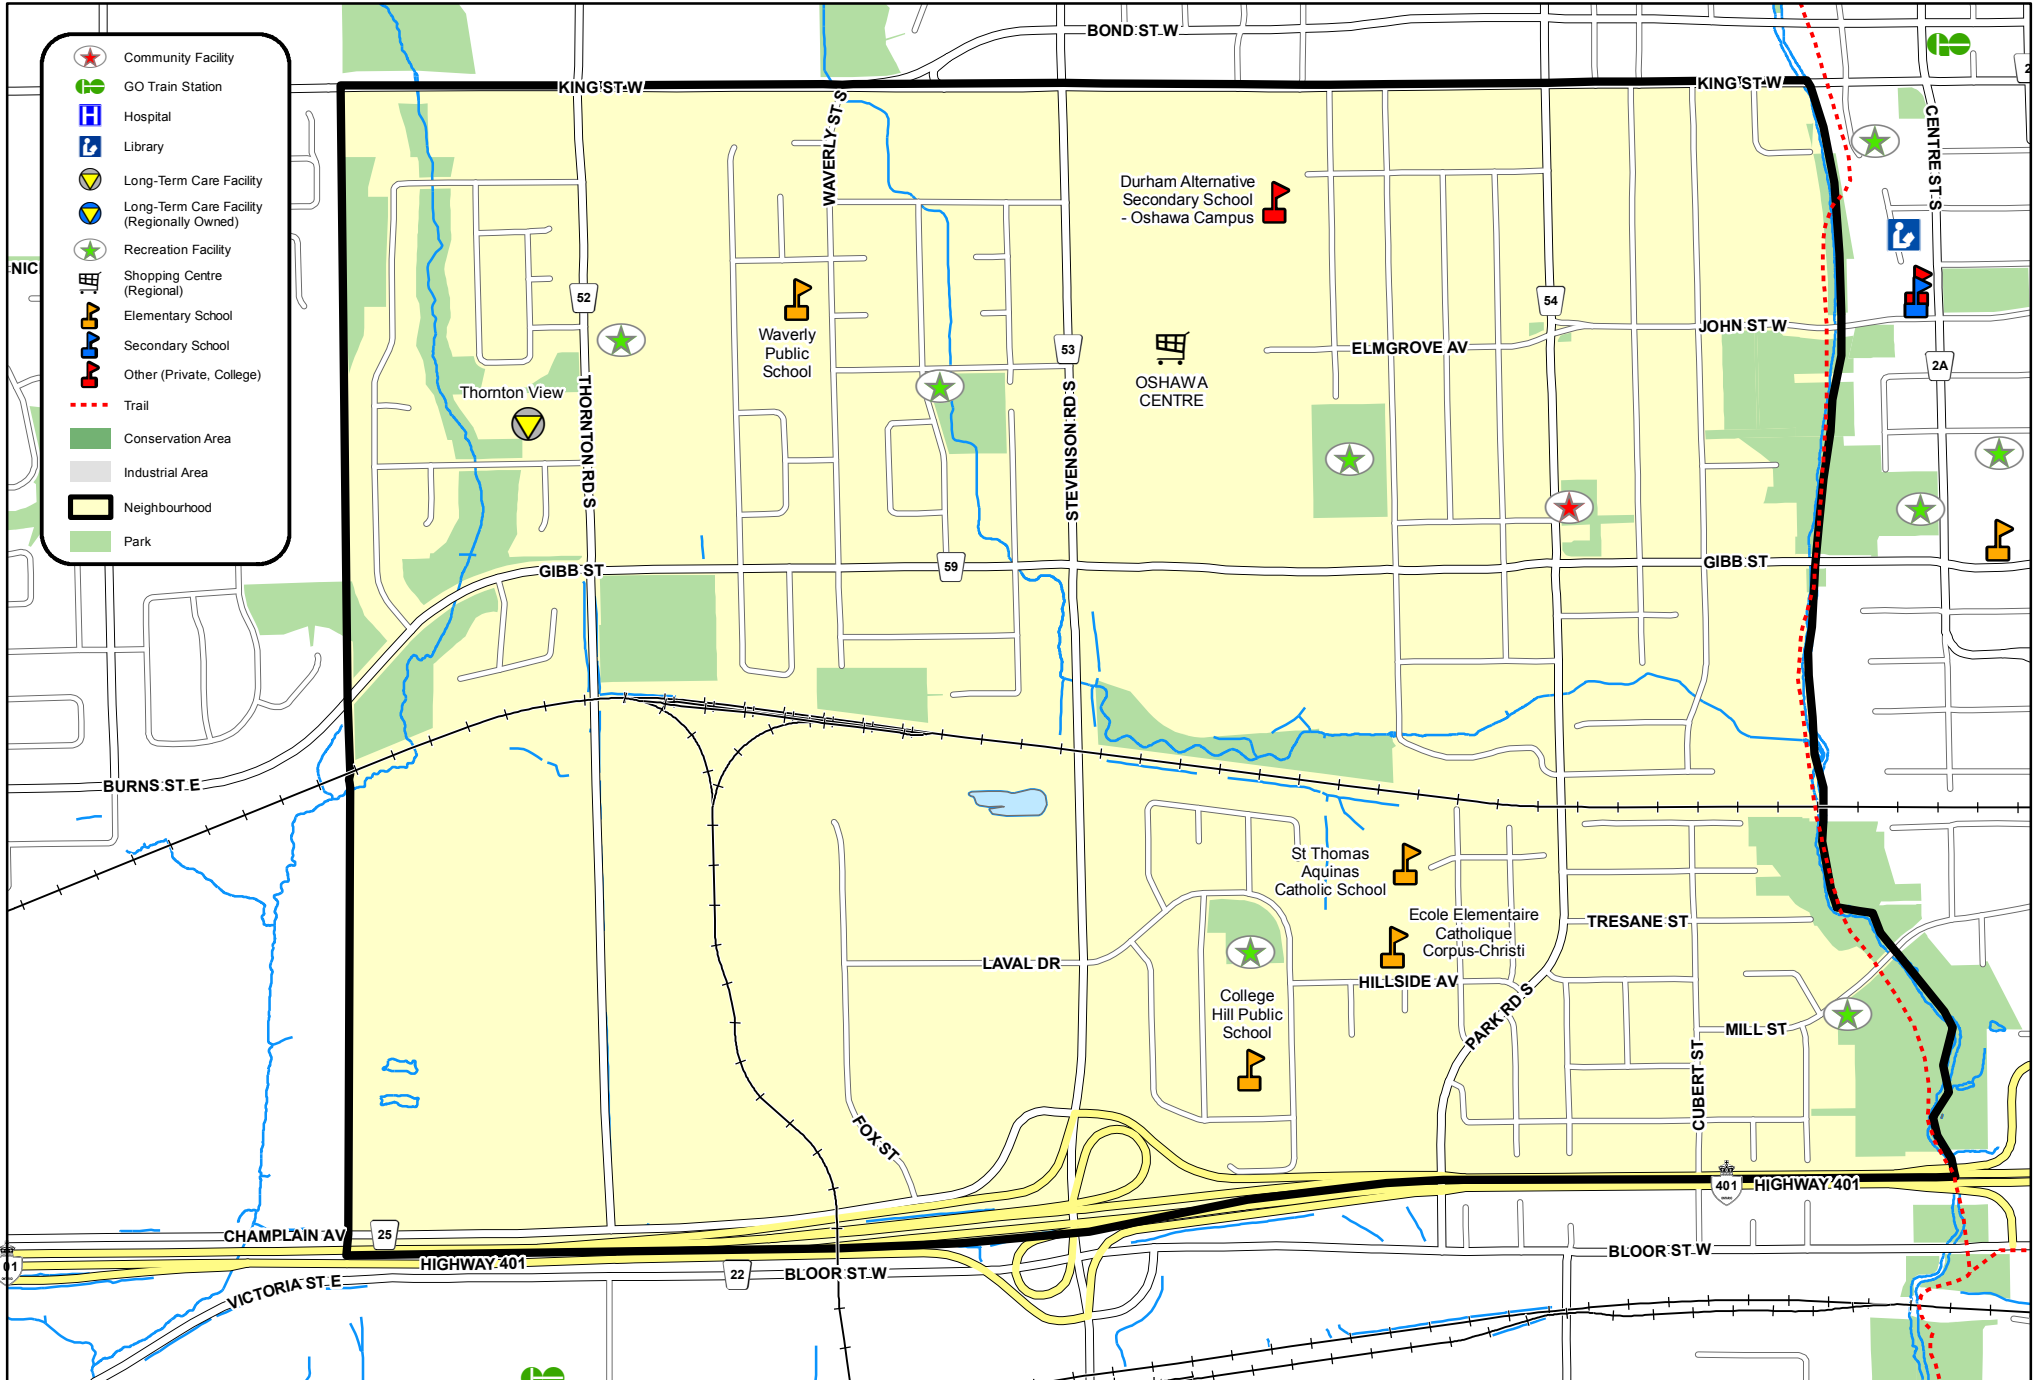

#### Release Date: December 2017
