Resources for Health Care Providers on durham.ca

The health care continuum has grown and it is important for all health care providers to keep up with the changes. The web page for health care providers to access relevant resources from Durham Region Health Department (DRHD) is being refreshed regularly with important and timely information. The web page is called **Resources for Health Care Providers** and is available at durham.ca/HCP.

This web page replaces the old DurhamMD.ca website which launched in 2006 as a platform for local physicians to access important information from DRHD relevant to their practices. Attempts to **access DurhamMD.ca** will be **redirected to durham.ca/HCP**. A username and password are no longer required.

This web page includes our **online resource order form**, **DRHD FAX Abouts** and **downloadable forms** that may be relevant for your practice and/or your patients.

You can subscribe to receive email updates when the web page is updated, and send us feedback to let us know how the online content is working for you. We welcome any suggestions that will make it easier for you to find the information you are looking for.

For more information, please contact Durham Health Connection Line at 1-800-841-2729 or 905-666-6241.

Health care provider resources now available to order online durham.ca/HCP.

Durham Region Health Department: 905-723-3818, 1-888-777 9613
