

# Daily Parent Fee Chart

The chart below outlines the annual adjusted income based on the amount on line 236 from the most recent Notice of Assessment from the Canada Revenue Agency. In a family with more than one parent on file, line 236 for each parent will be combined to receive the annual adjusted income.

The daily parent fee is the amount that the client will pay the child care agency. The remainder of the child care cost will be paid directly to the child care agency by the Region of Durham. This amount is based on care required for one child for five days per week. If you have more than one child, the daily fee is divided by the number of children using care.

Annual Adjusted Income	Daily Parent Fee
Less than \$20,000	\$0.00
\$25,000	\$1.92
\$30,000	\$3.83
\$35,000	\$5.75
\$40,000	\$7.66
