

**CONSTRUCTION SPECIFICATIONS
DIVISION 1 – GENERAL REQUIREMENTS**

PREFACE

These Construction Specifications for Regional Services are intended for use on all Regional infrastructure constructed under a Regional or Lower Tier capital or maintenance contract as well as infrastructure constructed by the private sector which will be assumed by the Region of Durham in accordance with the terms their agreement with the Region.

Any specifications in this document which dictate method of construction, measurement for payment or basis of payment do not necessarily apply to works constructed by the private sector.

References are made throughout this document to Ontario Provincial Standard Specifications (OPSS) and Ontario Provincial Standard Drawings (OPSD). The referenced OPSS and OPSD shall be invoked by such references and in the event of a conflict the requirements of these specifications shall supersede any referenced OPSS or OPSD.
