

Title: Insurance Claims-Basement Flooding Loan Program	
Policy #: F-INS-4	
Approved By: Regional Council	Page #: 1 (of 1)
Issued: April 1, 2009	Revised:
Responsibility: Finance and Works Departments	Section: Finance

1. Policy

- 1.1 That in accordance with Report #2009-J-13 of the Commissioners of Finance and Works, the Region of Durham implement a Basement Flooding Loan Program to those residents who have experienced basement flooding. Such a program would be provided for the installation of backflow preventors and sump pumps and would be based on the following guidelines:
- i) Loans not to exceed an amount of \$3,000 with the payments added to the resident's quarterly water and sewer bill and based upon a maximum thirty-six (36) month repayment period, interest free;
 - ii) Loans be advanced upon receipt of invoices for eligible expenses incurred by the homeowner for eligible contracting services relating to the installation of a backflow preventor and sump pump; and
 - iii) The installation be approved by a municipal plumbing inspector.
